Purchasing Agent,

I am writing in response to your request on behalf of the Collections Department regarding Government Collections and Compliance software, developed and marketed exclusively by i-Plow.com, LLC in Athens, Texas.

We utilize a standardized service contract, which has been approved by Commissioners, District/County Attorneys, District Clerks, County Clerks, Purchasing, and Information Technology Departments of over forty counties in Texas.

This software was developed in direct response to an invitation by the Office of Court Administration (OCA) to facilitate County compliance with Senate Bill 1863, which although now voluntary, continues to improve collections processes for Texas Counties and Florida counties as we have done since 2005.

The features of Government Collections & Compliance are unique to the needs of Government Collectors. We are unaware of any other provider who specializes in these needs.

Please contact me directly if I may be of any further assistance.

Thank you,

Mark W. Odom
